SVGCC offering AD Cyber Security programme part-time

The St. Vincent and the Grenadines Community College (SVGCC), through its Division of Arts, Sciences and General Studies (DASGS) has announced that applications are now open for its Associate Degree Cyber Security (part-time) programme.

The programme, which is expected to last two years, will see students explore courses such as Foundations of Cyber Security, Computer and System Security, Business & IT Law, Technical Report Writing, E-Commerce, Cyber Terrorism & Crime, amongst others. Scholarships to pursue the programme are available for successful applicants.

Application forms and additional course information can be accessed via the college's website www.svgvc.vc or the divisional office at 457-4503 ext 325.

The deadline for applications is Friday 20th November 2020. Applications must be submitted to the divisional office of the Division of Arts, Sciences & General Studies (DASGS) at the college's Villa campus, along with a \$20 application fee.

Classes for the AD Cyber Security will commence January 2021.
